*Solar Industry* invites its readers and industry professionals to be active participants in the magazine's editorial content. Here are your opportunities:

### *Projects & Contracts*

Announces details of new solar energy installations and business transactions.

Submit: Project and contract details, including photos and the name and telephone number of the appropriate contact person

### *Products & Technology*

Details solar energy technology, products and services.

Submit: Product/service details, including a photo and the name and telephone number of the appropriate contact person

### *People*

Reports personnel moves of interest to solar energy industry professionals.

Submit: Brief announcement, including the person's photo

### *FYI*

Provides news about companies in – or doing business with – the solar energy industry.

Submit: Company news and photos of people quoted

### *Calendar*

Lists events of interest to people involved in the solar energy industry.

Submit: Event news, including event name, dates, location, sponsor and telephone number

### *New & Noteworthy*

Features news and analysis of trends affecting the solar energy market.

Submit: Industry news and analysis

### *Contributed Articles*

*Solar Industry* generally publishes two types of timely articles: features that examine and analyze solar energy industry trends, and features that give readers “nuts and bolts” information about how to improve their operations. To contribute an article, contact the editor to discuss your idea.
